NATCHEZ

NATCHEZ-ADAMS COUNTY AIRPORT
TERMINAL BUILDING

This building is built in the traditional architecture that is common to 30 or more antebellum homes in the immediate vicinity of Natchez. It is located 11 miles NE of Natchez on the airport which consists of three 5000 ft. hard surface runways. This airport serves the great Mississippi-Louisiana trade area which abounds in natural resources favorable to many industries. Southern Airways and Trans-Texas Airlines serve the area with connections to anywhere in the world.
